PERSONAL REFERNECE - ROGER E. MOSS

TO WHOM IT MAY CONCERN

I Charles Cowan Shearer certify that the subject, Roger E. Moss has been a business contact and valued supplier to me and my organisation for 12 years.

He has always conducted our business arrangements in a thoroughly professional and honest manner and I hold his engineering acumen in the very highest esteem.

I would personally have no hesitation in recommending his services to anyone as he epitomises to me everything that is honourable in a business world where honest relationships and fair play are no longer readily forthcoming.

Yours sincerely,

C.C. Shearer  
Manufacturing Engineering Manager  
Engine Plant - P.E.
