TO WHOM IT MAY CONCERN

I have known Mr. Roger Moss for the past 15 years. In all my dealings with Mr. Moss, I have found him to be a person of the highest integrity and an outstanding engineer, whose ability to develop innovative, high quality engineering solutions to complex problems is his major strength.

The quality and reliability of the machines produced by Mr. Moss has been excellent. The service provided has also been of the highest standard.

I would therefore not hesitate to recommend Mr. Moss as a consultant engineer on any major machine tool programme.

Yours faithfully,
